**CALLS UNIVERSITY
BOLSHEVİK HOTBED**

President of Valparaiso Assigns That as Reason for Resigning.

By the Associated Press.

CHICAGO, April 26.—Chargé at Valparaiso University, at Valparaiso, Ind., is a hotbed of bolshevism, communism and other evils, and that all efforts of his to thwart this propaganda has failed because of "sinister inside influences," Daniel Russell Hodgdon, president, today sent his resignation to the trustees. "The stream of propaganda," declared Dr. Hodgdon today, "can be traced to the very heart of the federal government, so firmly are its protagonists entrenched."

Letter to Trustees.

The letter to the trustees said in part: "There has been fostered by faculty and outside bolshevism, communism and other evils, the practice of which is destructive to American ideas and principles. Unsigned letters have come mysteriously to my desk warning me against the principle I have preached—namely, loyalty to Americanism and American industrial life as the basis of American citizenship."

"I have been visited by so-called 'reds' and foreign-born members of organizations claiming to be backed by strong influences. Such representations, undoubtedly, are part of a deep-laid plan to make Valparaiso a center of radical teaching. It is possible that life today is due to these destructive outside influences, aimed to destroy the basic principles upon which this government is founded."

In Service a Year.

Dr. Hodgdon has been president of Valparaiso University for about a year. Prior to that he was president of Hahnemann Medical College of Chicago, till it was affiliated with Valparaiso University. He was associated with the New Jersey state educational department five years as lecturer, and is the author of several books and numerous articles. Valparaiso is a co-educational institution. Dr. Hodgdon's term does not expire till August, but he requested an immediate leave of absence.

Denied by Faculty Members.

VALPARAISO, Ind., April 26.—Faculty members of Valparaiso today denied there has been anything of bolshevik nature about the university and pointed to its past record as an answer to Dr. Hodgdon's statement. They said that dissatisfaction with Dr. Hodgdon's administration recently resulted in the circulation of a petition among the faculty members asking the university to call for the president's resignation.

DEATH PACT LIKELY.

Police Offer Opinions on Strange Double Shooting.

LOS ANGELES, Calif., April 26.—Dr. Joseph D. Urani, twenty-two, a dentist, and Myron MacCauley, twenty-three years, found shot to death early yesterday in the wreckage of an automobile in which they had been riding, killed each other, or else one shot the other and then himself, according to opinion expressed by police assigned to the case.

The young men had been close chums since their school days and the detectives said their investigation led them to believe the shooting might have been the result of a mutual agreement.

The shots were fired while the automobile was passing through the southeastern outskirts of the city. The machine then swerved into a fire plug and overturned. Persons living nearby found the bodies soon afterward. Two pistols were found near the machine from which bullets had been fired. One of these was identified as belonging to Urani, the detectives said, and it was also learned that MacCauley carried a pistol.

**RED ENVOY ON WAY TO BERLIN
TO GET TRADE TREATY SIGNED**

By the Associated Press.

RIGA, April 26.—Immediate signature of a trade agreement between Soviet Russia and Germany is sought by the Moscow government through its representative, M. Scheinmann, who arrived here yesterday on his way to Berlin. If possible, the convention will be signed before May 1. M. Scheinmann is understood to have been empowered to make whatever changes in the original proposals that will be satisfactory to Germany.

Leonid Krassin, head of the bolshevik trade delegation in London, is expected to arrive in Berlin on April 27, and to go with two members of the Moscow ministry already at the German capital, will make a determined effort to rush matters to a satisfactory conclusion. It is declared the bolshevik will seek to take advantage of the situation in Germany resulting from the allied reparations demands.

Mexican Envoy Confirmed.

MEXICO CITY.—Confirmation of several appointments of ministers to foreign countries was voted in the Mexican senate yesterday. President Obregon forwarded the nominations of Luis Cabrelo, as minister to Guatemala; Alfonso Sierra, to Uruguay and Paraguay; Leopoldo Blasquez, to Japan and China; Risto Rodriguez, to Costa Rica and Nicaragua; and Manuel Perez Romero, to Sweden, Norway and Denmark.

In addition, the president appointed Juan R. Delgado as special minister to all Central American countries.

Deny Huron Carried Liquor.

EL PASO, Texas.—Reports that the Huron liner Huron was carrying stocks of liquor valued at several thousands of dollars for the use of its passengers were denied by officers of the vessel upon its arrival here from Montevideo yesterday.

Mexican Rebels Set Fires.

MEXICO CITY.—Several houses and stores were burned in the village of Villahermosa, state of Michoacan, on Sunday night, when a small rebel band headed by Daniel Ruiz raided the place. The rebels cut all telegraph wires leading to the town. Federal troops are said to be closing in on the outlaws.

Oppose Napoleon Celebration.

PARIS.—The celebration of the 100th anniversary of the death of Napoleon, set for May 4 and 5, is meeting with great opposition in radical socialist circles and newspapers, which are waging a campaign for abandonment of the celebration, claiming it to be an imperialist, undemocratic and unrepresentative demonstration.

Edouard Herriot, mayor of Lyons and member of the chamber of deputies, has resigned from the committee having the celebration in charge.

saying in his letter of resignation that the manifestation is degenerating into a political one.

Two More Slain in Spain.

BARCELONA.—There were two more assassinations in Barcelona yesterday. Jose Higue has a member of the executive committee of the metal workers' syndicate, was shot and instantly killed at a public ball, while Jose Camacho was shot dead in a cafe.

Collieries Resume Operation.

SYDNEY, N. S.—For the first time in many weeks all the collieries of the Dominion Coal Company are working. Ten thousand miners and railway men now are employed.

Watch May Day in Mexico.

MEXICO CITY.—Governors of the various states of the Mexican republic have been instructed to use every

precaution to prevent disorders on May day.

General orders have been sent from workmen's headquarters here for labor demonstrations throughout the country.

Open Welfare Exhibit.

ROUBAIN, France.—The American Red Cross and French welfare societies have opened a child welfare exhibit here, under the auspices of the city administration. It comprises working exhibits, showing the care of babies, demonstrations of hygiene, lectures and other exhibits dealing with the problems of mothers.

Linen fabrics have been found in some thousands of years old.

**"The Little Piano With
the Big Tone"****THE MIESSNER**

—In these days of small rooms, not only in apartments, but in houses also, the little Miessner fills a long-felt want.

—Its tone is superb, possessing the quality, sonority and sustaining power of the large instrument, yet the piano itself is small in dimension—only 3 ft. 7 in. high.

MUSIC IN THE HOME

—means more when the children start their studies in the supreme art. A year's age is not too early to begin.

The Miessner, a moderately priced piano of such splendid qualities, is the Piano to employ. It can be well placed in the nursery if desired, yet makes a splendid appearance anywhere you may want to use it. Its first impression is made by the artistic design of the case—and its completed argument for ownership is made when one hears it played.

**A Surprise Tonight**

If you will try this way to prettier teeth

This test will surprise and delight you. The results are so quick, so pleasing, so conspicuous.

Millions have already made it. The glistening teeth seen everywhere now show some benefits it brings.

Go get this free tube from your dealer. Use it and watch the effects. It will open up to you and yours a new era in teeth cleaning.

Why prettier teeth?

This method brings whiter, prettier teeth because it fights the film. Your teeth are now covered with a viscous coat. Feel it with your tongue. It clings to teeth, enters crevices and stays.

Old brushing methods do not remove it all. Enough remains to make the teeth both dingy and unsafe.

That is why teeth look cloudy. The film-coats absorb stains. Film also causes most tooth troubles. And, under old methods, all those troubles have been constantly increasing.

How film ruins teeth

Film dims the teeth's luster. It also forms the basis of tartar. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Millions of germs breed in it. They, with tartar, are the chief cause of pyorrhea. Many other serious troubles, local and internal, are now traced to them.

Countless people find that teeth brushed daily still discolor and decay. The main reason lies in that film.

Now we daily fight it

Dental science, after long research, has found ways to fight that film. Able authorities have proved their efficiency. Now leading dentists everywhere advise their daily use.

These methods are combined in a modern dentifrice called Pepsodent. Millions now employ it, largely by dental advice. The use is fast spreading the world over among those who know.

That is the tooth paste we ask you to try. Watch its effects on the film. See how your teeth improve. Then let your own good sense decide between old methods and the new.

Three other essentials

Modern science also requires three other effects from a tooth paste. The old methods did not bring them. Pepsodent brings them all.

At your store this week

This 10-Day Tube of Pepsodent. Present the coupon to any dealer named below.

Make this delightful test. Watch the quick effects—see the change in a week. Then you will realize what this new way means to you and yours.

Each use of Pepsodent multiplies the salivary flow. That is Nature's great tooth-protecting agent. It multiplies the starch digestant in the saliva. That is there to digest starch deposits which may otherwise form acids.

It multiplies the alkalinity of the saliva. That is Nature's neutralizer for the acids which cause decay.

Five important effects come from every application. And modern authorities deem all of them essential.

**Not for women only**

The most conspicuous effect is glistening teeth. Countless women employ it largely on that account. Few things add so much to beauty.

But men also want white teeth. Men who smoke find that teeth discolor quickly, due to stains in the film.

Pepsodent means more than this, however. It means cleaner, safer teeth. Children need it even more than others. Their teeth are easily attacked, and very few escape. Dentists advise that Pepsodent be used every day from the time the first tooth appears.

To all it means a new conception of clean, well-protected teeth.

Present the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear. Watch the other good effects.

This test will prove a delightful revelation. To you and yours it may bring life-long benefits. Every day you may mean new damage. Cut out the coupon now. Present it this week at your store.
